

Project Profile

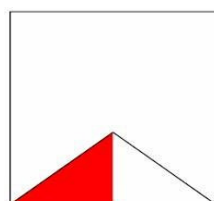

Project Title	Huddersfield University Creative Arts Building
Client	University of Huddersfield
Project Value	£10.2m
Contract Conditions	JCT tendered
Duration	24 months
BSCP Services	Full civil and structural engineering design and detailing

Description

BSCP were involved from the initial scheme stage (direct appointment by the University) through to completion as structural engineers for HBG Construction.

The structure is concrete framed using Cobiax flooring system giving long clear floor spans, without downstand beams, whilst reducing the amount of concrete by 30% when compared to conventional flat slab constructions
