

Project Profile

Project Title	Leeds University Innovation Hub
Client	Leeds University / Carey Jones Architects
Project Value	£9m
Contract Conditions	JCT 2- stage tender
Duration	12 months
GHA Livigunn Services	Full civil and structural engineering design and detailing

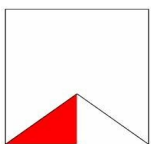

Description

New 4 storey main building fronting on to Clarendon Road with a feature curved frame 4 storey link block to the rear.

The buildings are linked together with walkways at each floor and a glazed atrium.

The building structure consist of traditional mass concrete foundations, steel framed superstructure and 400 deep precast units with exposed soffits spanning up to 12m.

The curved gable facades to the link block structural steel required quite intricate detailing.
