

Project Profile

Project Title	Levenshulme Station
Client	Network Rail/SERCO
Project Value	£1.2m
Contract Conditions	RT21
Duration	10 weeks
GHA Livigunn Services	Civil and Structural Engineering

Description

Complete upgrade of station on the West Coast Mainline during a 10 week blockade. Scheme included slope stability analysis of re-modeled embankment using ground reinforcement to enable use of modular platform system. GHA provided Resident Engineer services to ensure project handover was achieved without any temporary speed restrictions.
