

Project Profile

Project Title	Woodhouse Grove School
Client	Woodhouse Grove School / Watson and Batty Architects
Project Value	£3.2m
Contract Conditions	Tendered JCT contract
Duration	9 months
BSCP Services	Full civil and structural engineering design and detailing

Description

An existing area within the school was re-designed to provide a modern, bright and spacious entrance hall which incorporated a new mezzanine floor, providing additional teaching areas. Adjoining the new entrance hall the original assembly hall, theatre area and a passage way between the school shop and the theatre was also converted into additional classrooms. Other work carried during this phase included modifications to the accommodation staircase and the toilet and shower areas were modernised.
