

Project Profile

Project Title	Phase 2- New Reception Building & IBM Enterprise Centre
Client	Knowsley Community College
Project Value	£1.3m
Contract Conditions	ICE Design and build
Duration	25 weeks
GHA Livigunn Services	Structural Design

Description

Phase two of Knowsley College's campus centralisation project included the construction of a new reception building incorporating the IBM enterprise centre. The location of the work required phasing to ensure continuity of access and close liaison with the client was therefore imperative.
